

Mint of the United States at Philadelphia, Pa.,  
 Machine Shop

~~SUPERINTENDENT'S OFFICE~~

Hon Daniel W. Fox.  
 Superintendent  
 Sir.

October 6<sup>th</sup>, 1885.

I herewith respectfully transmit Inventories, of all drawings, blue prints, Drafting and Pulleys as per instructions of the Directors letter of August 13<sup>th</sup> 1885.

The drawings as will be seen by reference to the numbering, (which is in accord with that of each plan or drawing) are divided into four classes, viz, those numbering from 1 to 83 relate to plans of Mint Buildings, those numbering from 100 to 166 relate to machinery, and are the work of Mr Franklin Peale, Chief Comer from March 24<sup>th</sup> 1839 to November 30<sup>th</sup> 1854. Those numbering from 200 to 270 relate to Engines, and Scales, they are chiefly the work of Mr Peale, the drawings numbering from 300 to 334 are of recent date and were made by the present foreman of the

Machine Shop,  
October 6, 1885

Hon. Daniel M. Fox,  
Superintendent

Sir,

I herewith respectfully transmit Inventories, of all drawings, blue prints, shafting and pulleys as per instructions of the Director letter of August 13, 1885.

The drawings as will be seen by reference to the numbering, (which is in accord with that of each plan or drawings) are divided into four classes, viz, those numbering from 1 to 83 relate to plans of Mint Buildings, those numbering from 100 to 166 relate to machinery, and are the work of Mr. Franklin Peale Chief Coiner from March 27th 1839 to November 30th 1854. Those numbering from 200 to 270 relate to Engines, and Scales. They are Chiefly the work of Mr. Peale, the drawings numbering from 300 to 334 are of recent date and were made by the present foreman of the Machine Shop.

The Inventory of Shafting comprises all Shafting, and pulleys now used as parts of the Mint plant, in the Philadelphia Mint.

Very Respectfully,  
Saml. James  
Foreman
